Ugly Beauty: Jazz in the 21st Century

Philip Freeman

What does jazz “mean” 20 years into the 21st century? Has streaming culture rendered music literally meaningless?

“Phil Freeman composes a much-needed text pointing towards the futures of an important art form while making connections to its origins and histories over a century. He doesn’t only touch on the telling of a jazz story in the 21st century, but also prescribes a soundtrack within which to situate a time in history....” **Nduduzo Makhathini, improviser, healer, scholar, South Africa**

Zer0 Books; 2022-01-28; Discography & Buyer's Guides/History & Criticism/Jazz; Pb-9781789046328, \$25.95/£16.99, 272pp, 8.5x5.5inches / 216x140mm, Ebk-9781789046335, \$20.99/£13.99.

Failure of Vision, A

Doug Greene

Doug Greene takes an in-depth and critical look at the life and ideas of Michael Harrington, one of America's most important democratic socialists. *A Failure of Vision* discusses one of the most important champions for democratic socialism in the United States. Michael Harrington (1928–1989) is widely recognized for writing *The Other America*, a seminal expose of poverty in the United States that inspired the War on Poverty. He was also the founder of the Democratic Socialists of America (DSA), which is currently the largest socialist organization in the United States.

BrexLit

Dulcie Everitt

In this highly readable and convincing exploration of Englishness as a problematic concept, Dulcie Everitt combines historical, political, and literary analysis to re-examine the nature of Englishness.

“Nationalism is an increasingly worrying phenomena. Dulcie gets to the heart of this issue with an academic review of the literature centred on Brexit and the English people’s understanding of their own identity and how it sits alongside the concept of being British.” **Mark Glover, FPRCA, Chief Executive, Newington Communications; Executive Director SEC Group**

End of Capitalism, The: The Thought of Henryk Grossman

Ted Reese

This book seeks to contribute to the revival of interest in Grossman’s work through an accessible introduction to its central tenets and its pertinence to contemporary capitalist crises.

“The End of Capitalism couldn’t be more urgent for socialists. In outlining the looming inevitability of capitalist breakdown, Reese makes a compelling case for Grossman’s work to be considered required reading alongside Marxist giants like Engels, Lenin and Trotsky.” **Stephen Radecki, The Swoletariat**

— —

— — is a blank city.

There's a sick glow to the clouds, and it always seems to be raining here even when it isn't. Only sad and wounded people live here anymore. They are homeless in their apartments. They are unemployed at their jobs. They are widows in their marriage beds and celibates in amours and loners with many friends because — — is a sad city, full of sad and lonely people.

I can't say very much about myself now, only that we have known each other before and for a very short, very slight while.

Zer0 Books; 2022-01-28; Urban/Absurdist/Literary; Pb-9781789048209, \$13.95/£8.99, 192pp, 8.5x5.5inches / 216x140mm, Ebk-9781789048216, \$7.99/£4.99.

Embrace of Capital, The

Don Milligan

Capitalism has swallowed us whole. This is because working people have developed a love-hate relationship with it. They hate insecurity, inequality, and greed and love civic and political freedom. They love mass consumption and accept the logic of commerce. Barreling along through wars, revolutions, epidemics, and crises of all sorts, working people in their millions have consistently dumfounded and dismayed the left, by their refusal to countenance any alternative to the capitalist mode of life. We have to ask: Is it possible to reverse this reality, and once again talk of the necessity of communism?

Zer0 Books; 2022-04-29; Social Classes/Communism, Post-Communism & Socialism/Comparative Politics; Pb-9781789048018, \$17.95/£11.99, 192pp, 8.5x5.5inches / 216x140mm, Ebk-9781789048025, \$14.99/£9.99.

Anti-Hero

A.J. Lozier

A memoir of one man's journey into, and out of, the movement that foreshadowed the modern-day "Antifa".

"In *Anti-hero*", Lozier reminds us that Antifa activists and others on the radical Left are not as one-dimensional as political talking heads would like you to believe. And ultimately, if we want to overcome hatred and build a better society, we need to remember the simple truth that we are all more alike than different as human beings." **Gabriel Nadales, author of Behind the Black Mask, My Time as an Antifa Activist.**

Zer0 Books; 2022-02-25; Social Activists/Political/Criminals & Outlaws; Pb-9781789048285, \$24.95/£16.99, 336pp, 8.5x5.5inches / 216x140mm, Ebk-9781789048292, \$19.99/£13.99.

On a Common Culture

Brian Russell Graham

What is 'common culture', what does it offer us and how do we generate it are the themes explored by Brian Russell Graham.

"An elegant and significant contribution to cultural studies, informed by a much more pluralistic and wider field of theory, which includes Richard Hoggart, George Orwell and Matthew Arnold. The argument here has the authority and importance of Hoggart's *The Uses of Literacy*: it's an intelligent and enlightening exploration of the uses of culture." **Tim Crook, Emeritus Professor in Media, Communications and Cultural Studies, Goldsmiths, University of London.**

Zer0 Books; 2022-02-25; Social/Social Classes/Popular Culture; Pb-9781789048322, \$17.95/£11.99, 192pp, 8.5x5.5inches / 216x140mm, Ebk-9781789048339, \$14.99/£9.99.

For a Ruthless Critique of All that Exists

Robert T. Tally Jr.

Facing an uncertain future and an unstable present, our most urgent task today involves a ruthless critique of all that exists. This book is intended as a provocation, at once a polemic and a call to action for cultural critics.

Zer0 Books; 2022-06-24; Political Ideologies (General)/Political/Popular Culture; Pb-9781789048544, \$14.95/£9.99, 136pp, 8.5x5.5inches / 216x140mm, Ebk-9781789048551, \$11.99/£7.99.

Event Horizon

Jacob Johanssen & Bonni Rambatan

In an age where Silicon Valley continues to dictate what it means to innovate a painless future, knowledge and enjoyment are fertile breeding grounds of political contestation. But it's not exactly democracy. Instead, we are controlled through tools and platforms that turn us into data for the profit of billionaires.

"This bristling little book embarks on nothing less than a total diagnosis of our sick capitalist present....." **Prof Sianne Ngai, author of "Theory of the Gimmick: Aesthetic Judgment and Capitalist Form"**

Zer0 Books; 2022-01-28; Psychoanalysis/Critical Theory/Social Networking; Pb-9781789048766, \$17.95/£11.99, 184pp, 8.5x5.5inches / 216x140mm, Ebk-9781789048773, \$14.99/£9.99.

Almighty Machine, The

Pekka Vahvanen & Mark Jones (Translator)

Read this book and re-evaluate your relationship with digital tech – is it making you unhappy? Pekka Vahvanen's bristling and timely critique, deftly translated by Mark Jones, throws doubt on the necessity of technological development in a world saturated in tech. *The Almighty Machine* presents an important question: Does progress no longer make us happier?

Zer0 Books; 2022-02-25; Popular Culture/Digital/Mobile & Wireless Communications; Pb-9781789048988, \$20.95/£13.99, 248pp, 8.5x5.5inches / 216x140mm, Ebk-9781789048995, \$16.99/£11.99.

Concepts for a Democratic and Ecological Society

Yavor Tarinski

"Yavor Tarinski's *Concepts for a Democratic and Ecological Society* challenges your mind on the most significant questions such as direct democracy, de-growth, solidarity economy, and libertarian municipalism. This is a necessary revolutionary work which should be in your library to make you think more in-depth about your future, about utopias, and ultimately about the perspectives of a democratic and ecological society." **Emet Değirmenci, author of Women's Activism in Ecological Transformation**

Samsara

Daniel McKenzie

In eastern spiritual traditions, samsara has long been associated with the cycle of birth and death. But what are the hidden depths of samsara, and just how far does it go? There have been only a few books written on the topic of samsara, mostly from a Buddhist perspective. This book is unique in that it explores the different aspects of samsara related to the teachings of Vedanta and dares to ask some big questions: Are we controlled by unseen forces? Is life a setup? Is life purposely pushing us toward the truth?

MORGAN DAIMLER

Pantheon - The Norse

Morgan Daimler

"Pantheons - the Norse" by Morgan Daimler is the book I wished I had when I was first meeting the Norse gods. Not only does this serve to bring a foundation to the reader, but the balance between personal experience and academic sources helps it feel welcoming to someone beginning to explore this pantheon. It's amazing how Daimler brought together so many resources and magic in a way that is inviting and accessible. Highly recommended and highly enjoyable." **Irisanya Moon, Author of several Moon Books Pagan Portals titles**

In a compact way, he covers an accurate history of the Bible, a wise and helpful understanding of biblical interpretation, a comprehensive look at "lost" gospels, and a well-researched understanding of the Bible for today's world. Highly recommended for personal study and group discussion." **Revd. Paul Smith, co-founder of the Integral Christian Network, author of "Integral Christianity: The Spirit's Call to Evolve"**

God, who on Earth are You?

Mystery and Meaning in Christianity today

Stephen McCarthy

God, who on Earth are You?

Stephen McCarthy

"As an Anglican medical scientist I was delighted to find myself in sympathy and agreement with most of the views of the author, a deeply Catholic, physics-trained economist. Stephen McCarthy presents a very intelligent and readable discussion of the many questions that beset and intrigue those of us who try to make coherent sense of the place of religious conviction in our present world, and how those convictions should guide our actions in the growing crises which affect us all." **Dr John Morris, Emeritus Fellow in medicine of St Hugh's College, Oxford**

One Day In June

Sam Martin

Based on a true story and a series of historical events, *One Day In June* is one man's journey of self-discovery into the dark and bleeding heart of Europe.

"I was drawn immediately into Sam Martin's brilliantly-narrated, modern-day thriller. A story of an everyday man with a dark secret, who gets sucked into criminal and sinister events way beyond his control.

One Day In June is a film that has to be made." **Rike Steyer, Film Producer; Skalar Film, Hamburg**

Roundfire Books; 2022-01-28; Political/Historical/Historical; Pb-9781789047578, \$16.95/£11.99, 280pp, 8.5x5.5inches / 216x140mm, Ebk-9781789047585, \$7.99/£4.99.

So Very Mental

C.C. Howard

When it comes to love, we're all on a spectrum.

"A deliciously funny take on male ineptitude and brotherly love. As surprising as it is beguiling, this is an astonishing debut novel from a clever and incisive writer." **Eoin O'Callaghan, award-winning film producer of Five Minutes of Heaven and The Truth Commissioner**

Roundfire Books; 2022-06-24; Romantic Comedy/Literary/Humorous (General); Pb-9781789049190, \$13.95/£8.99, 192pp, 8.5x5.5inches / 216x140mm, Ebk-9781789049206, \$7.99/£4.99.

Sandman

David W. Berner

Golf is far more than golf.

"...Readers who enjoy both golf and philosophical and social reflection will find that Sandman fits the bill on both counts. It is an exceptional read filled with surprising insights and attractions that make it both a literary standout and hard to put down." **Diane Donovan, Midwest Book Review**

Roundfire Books; 2022-06-24; FICTION (General)/Coming of Age/Sports; Pb-9781789049121, \$9.95/£5.99, 96pp, 8.5x5.5inches / 216x140mm, Ebk-9781789049138, \$7.99/£4.99.

Archibald Mountbank and the Miniscule Miracles

G.A. Milnthorpe

Archibald Mountbank has the power to make almost anything 1% better. Whether you want to be 1% better looking or 1% taller, Archibald Mountbank is your man. He can even boost your immune system or your willpower... for a fee.

Alistair Dodd, a cynical journalist commissioned to write a hatchet job biography, gets a rare look into the life and practices of the elusive Mountbank and discovers that everyone needs to believe in something... it's just a question of what.

Roundfire Books; 2022-03-25; Religious/Religious/Christian (General); Pb-9781789049176, \$9.95/£5.99, 88pp, 8.5x5.5inches / 216x140mm, Ebk-9781789049183, \$7.99/£4.99.

Free Marcus Katz!!!

Howard Marc Chesley

"Another Howard Chesley page-turner with a compelling story and a wonderful, engaging hero. Marcus Katz is an odd young man in his 20s with charm and grit, somewhere "on the spectrum." One might think he had nothing in common Britney Spears or any celebrity. But Marcus does, in fact, share her dilemma as well as that of countless others unnamed: he must do desperate battle with a powerful, unwanted conservator seeking to rule his life and drain his resources." **David Webb Peoples, Writer: Blade Runner, Unforgiven**

Roundfire Books; 2022-01-28; Coming of Age/Literary/Epistolary; Pb-9781789049824, \$13.95/£8.99, 184pp, 8.5x5.5inches / 216x140mm, Ebk-9781789049831, \$7.99/£4.99.

Protector, The

Tom Reilly

The historically precise 'all killer - no filler' fictional biography of the extraordinary Oliver Cromwell.

"...As a fellow author, I find the penmanship extraordinary, the perfect blend of literary skill and historical knowledge which transports the reader body and soul into its pages. It is a lifetime condensed with such richness into so many mesmerizing pages. The Protector is a book worthy of every bookshelf and global recognition." **Maurice O'Neill, Author**
